Details	Sand arena, Indoor school, Hazards, Water. I have successfully run my accredited BDS carriage driving centre for the past 30 years. Health and Safety is of paramount importance and my centre has public liability insurance and all coaches have accredited qualifications. Those clients without their own turnout can learn to drive using a turnout from the centre and I have a particularly strong client base with novice drivers. I also offer coaching for those with their own turnouts wishing to improve elements of their driving skills: dressage, cones and cross-country. I have competed at National and International level myself for over 20 years and can offer a wealth of advice to anyone wishing to move into driving trials. I have also been the Chef' D'Equipe for the Junior GB Squad for over 5 World Championships and the Para GB Squad for 4 World Championships I am passionate about empowering others to achieve their goals by working alongside them as a coach and giving them the skills for themselves.
